# Yan Lozovskyi

## JUNIOR FRONTEND DEVELOPER

## Summary

I am a front-end developer, focused on creating clear and accessible user code. I am constantly learning and expanding my knowledge in the field of web development. I am skilled at collaborating effectively in teams, organizing tasks, and ensuring a smooth workflow. I enjoy solving new challenges and am always ready for growth and excellence.

## Project experience

[TMDB CineSearch](#) [React.js, REST APIs, React Hooks, styled-components]  
Developed and implemented a modern and user-oriented interface with a particular focus on satisfying movie enthusiasts. Role: developer. Demonstrated the use of React Hooks to enhance platform functionality and optimize code efficiency. Fully integrated the TMDB API, providing up-to-date movie data and comprehensive information about movies and actors. Responsive website design on different devices, allowing users to watch movies on both desktop and mobile platforms.

[MIMINO](#) [HTML, CSS, Java Script, Vanila js, animate.css]  
The hotel's website provides information on all the necessary amenities, making it easy to book a room and explore delicious dining options. A website with adaptive layout. Team project. Role: Scrum / Developer.

[Cinemaniamia](#) [HTML, SCSS, axios, AJAX, Java Script, Parcel]
